

Scottish Women's Football Youth Player Dispensation Guidelines

Application Process:

It is the responsibility of the Strong Quality Growth (SQG) Committee to review all applications for over/underage player dispensation. The SQG Committee is comprised of the following representatives:

Alan Martin - Chair (SWF)
 Shirley Martin – Scottish FA
 Corrie Campbell – Scottish FA
 Karen McConnell – Scottish FA
 Fiona Dainty – Regional Representative (West/South West)
 Davy Reynolds - Regional Representative (Central/South East)
 Alun Harries - Regional Representative) (North/East)

Any appeals will be reviewed by Scottish Women's Football (SWF) Board. All appeals must be submitted on the standard appeal form and accompanied by an appeal fee of £25 which is payable to SWF by cheque or BACS transfer.

Please note that all clubs must fully complete the current dispensation application form which can be found on the SWF website downloads section:

Application Criteria – Application to Play Up Two Age-Groups:

A player should be at National/Performance level for application to play up 2 age-groups to be considered.

Application Criteria – Application to Register an Over-age Player:

As per the youth review (2015), the following criteria apply to applications to register an over-age player:

- Players who are granted dispensation to register as an over-age player(s) must be no more than one year older than the eligible age to compete within that age group and can only play for the team they have received dispensation to represent for the duration of the season (i.e. 14 year old given dispensation to play U13's cannot move between U13 & U15 league)
- Clubs who are granted dispensation to register an over-age player(s) must ensure that their team(s) have a maximum of one over-age player on the pitch at any given time at U13 level and a maximum of two at U15 level. No over-age players will be sanctioned at Under 17 level
- The application must clearly outline appropriate rationale for player to remain at younger age group based on one or both of the following criteria:
 - o Physical development principles/medical reasons outlining the player's inability to compete at the higher age group and illustrating that it is in the best interest of the player's development. Please note that it is recommended that any applications submitted based on a 'medical/physical development' reason should provide independent medical or expert evidence of condition outlined in application

Scottish Women's Football Youth Player Dispensation Guidelines

- where a full pathway (U13-U15-U17) isn't in place at a club, applications will be considered based on the rural location of club meaning there is no alternative club for the player to register for at the correct age group within a 20 mile radius. Please note that for the purpose of calculating the '20 mile radius', the distance from the player's home address to the registered venue of the club will be calculated

Additional criteria incorporated for the 2019 season are as follows:

- SWF can give dispensation to goalkeepers within the Youth National Performance League (one year too old for an identified age group) to play at the age level immediately below their age for a period of one season at the Under 15 age-group. The application must clearly illustrate the rationale for the application and outline why this is in the best interests of the player's development. For the avoidance of doubt, no such dispensations will be granted at the Under 19 age-group.
- Please note that if dispensation is granted then this applies to the 2019 season only and any future requests will require a new application to be submitted prior to the new season
- A full list of over-age players who have been granted dispensation to play as an over-age player will be circulated to all regions prior to the start of the season
- In exceptional circumstances, the SWF Board may consider applications for players more than one year older.
